

Bridgewater Hebron Village District  
Meeting minutes  
11-14-12

Commissioners Terry Murphy and Derry Riddle opened the informational meeting held at the Bridgewater Hebron Village School at 7pm. Terry introduced Principal Dana Andrews and Treasurer of the Village District Hank Woolner.

Terry and Derry gave a brief over view on the School building and the Bridgewater Hebron Village District.

They explained that a grant of \$424,000 had been given to the District for the construction of an Environmental Center. The center would be built by Bonnette Page and Stone, the same company that built the School.

Terry explained how the greenhouse would be design and how it would be phased into the school. Principal Andrews stated that the staff and students were very excited about the project; he said that as construction as progressing teachers have worked it into their daily teaching. Students are keeping a journal of the construction. Principal Andrews said he has been contacted by teachers who want to be part of the program.

He stated that he has already been researching ideas for the greenhouse. He had been in contact with the PSU Environment Center to discuss teaching plans.

Several residents asked questions on the design and when the project would be completed. Terry explained some of the design and stated they are hopeful the project would be completed in the spring.
